Recipient: Claire Parkinson
Dr Claire Parkinson has been elected to the American Philosophical Society. Founded by Benjamin Franklin in 1743, the American Philosophical Society mission is "promoting useful knowledge" principally through its activities as a learned society on behalf of elected members whose ranks include some of the world's most eminent figures in the sciences, social sciences, and humanities as well as in the civic, professional, higher educational and cultural communities. Election honors extraordinary accomplishments.
National Academy of Sciences
11.5.2008
Recipients: Ashraf Ali, kevin addison
NASA?s Advanced Diagnostic Ultrasound in Microgravity (ADUM) experiment led to the development of revolutionary medical ultrasound diagnostic techniques for long-distance use, including frame-grabber and data archiving technology that enables ultrasound users with minimal training to send diagnostic-quality ultrasound images and video to medical professionals via the Internet in near-real time?allowing patients as varied as professional athletes, Olympians, and mountain climbers to receive medical attention as soon as it is needed.
Advanced Diagnostic
Academy of Champion
10.13.2008
Recipient: ANDREW ACKERMAN
Goddard is proud of its workforce and our goal is to help our civil servant and contract personnel and staff obtain recognition for their outstanding achievements from their professional communities, NASA, and the Goddard Space Flight Center.
